CHAMPAGNE

	Bottle (750ml)
TAITTINGER BRUT RESERVE	80.00
TAITTINGER PRESTIGE ROSE	104.00
TAITTINGER BRUT VINTAGE	128.00

Taittinger Champagne Reims, France is one of the oldest and most recognisable champagne producers in the world. Established in 1734 and taken over by the Taittinger family in 1932, it has a rich history intertwined with the tradition and elegance of French winemaking.

The house is renowned for its unique style of champagne, which emphasizes the use of a high proportion of Chardonnay grapes, setting it apart from many other producers who typically favor Pinot Noir and Pinot Meunier.

The cellars of the Taittinger Champagne House are located on the site of the historic Abbey of SaintNicaise, dating back to the 13th century, which adds a remarkable historical depth to its operations.

PADDY & SCOTT'S

Paddy & Scott's is a purpose-driven coffee company committed to building a better future for coffee-growing communities through ethical sourcing, education, and local empowerment. Operating under their own 'Fairer Trade 2.0' model, they go beyond traditional certifications by working directly with farmers and reinvesting in the communities where their coffee is grown. One of their standout initiatives is WLunch Box coffee—where every bag sold funds a school meal for a child in a coffee-growing region. We choose to work with Paddy & Scott's because they not only provide exceptional, traceable coffee, but also actively support social impact and sustainability at origin, aligning perfectly with our values.

BIRCHALL

Birchall Tea is an award-winning British tea company with a long-standing commitment to sustainability, ethical sourcing, and exceptional quality. Their teas are grown in East Africa, primarily in Rwanda and Kenya, where Birchall works closely with producers to ensure fair treatment, traceability, and environmental responsibility. Birchall is proudly carbon neutral and operates the UK's first solar-powered tea factory. We choose to serve Birchall Tea because their values mirror our own—prioritising sustainable practices, supporting communities at origin, and delivering consistently high-quality tea in an environmentally conscious way.

SUSTAINABILITY

We are working closely with our suppliers to reduce the environmental impact of all aspects of our operations—from guest supplies and hotel equipment to food and beverage. This means choosing products that are responsibly sourced, energy-efficient, and designed with sustainability in mind. As part of this commitment, most of our house spirits are now supplied and distributed through ecoSPIRITS—the world's first low carbon, low waste distribution technology for premium spirits and wine. By eliminating single-use glass bottles and using a closed-loop delivery system, ecoSPIRITS helps us significantly reduce packaging waste and carbon emissions while maintaining the quality our guests expect.

ecoSPIRITS

ecoSPIRITS is a closed-loop distribution system that dramatically reduces the environmental footprint of premium spirits by eliminating single-use glass bottles. By partnering with ecoSPIRITS, we cut carbon emissions, reduce packaging waste, and support a circular economy—without compromising on quality. Serving our spirits in ecoTOTES allows us to operate more sustainably while continuing to offer exceptional drinks our guests can enjoy with a clear conscience.

CHARITY

Through our participation in the Too Good To Go initiative, all funds raised are donated to the Ambition Unlocked Charitable Foundation. These contributions support projects in Kenyan regions that grow and supply much of the coffee served in RBH hotels. The foundation's current focus is completing a new community hall and expanding educational opportunities—creating a lasting, positive impact for the people working hard to deliver quality coffee to the UK market.
